Town of Grafton
Grafton Historic District Commission
Application of Certificate of Appropriateness

Description of Proposed Work: Submit plot plans, site plan, architectural plans and specification of material as appropriate. When the proposed work includes relocation or demolition, provide plans and specifications for the restoration of the grounds.

The relocation of approved ground equipment to different location on the property to satisfy zoning bylaw dimensional standards. Installation of ground equipment within a 212.5 square foot area surrounded by a 9 foot high white vinyl fence with locked entrance gate surrounded by shrubs for the equipment cabinet, battery cabinet and natural gas back-up generator covered by overhead rain canopy (paint to match louvers). The facility will continue to include the approved installation of antennas concealed within the steeple behind replacement fiberglass louvers that will continue to result in no change to the appearance of the building.

Estimated Completion Date of Proposed Work: 6 months after commencement of Installation
